# Product datasheet

MON-RTU1004

Mouse anti-Actin Smooth Muscle, clone 1A4Clone no.1A4

MONOSAN Ready To Use

| Product name              | Mouse anti-Actin Smooth Muscle, clone 1A4                         |
|---------------------------|---|
| Host                      | Mouse   |
| Applications              | IHC-P   |
| Species reactivity        | human   |
| Conjugate                 | -   |
| Immunogen                 | Unknown or proprietery to MONOSAN and/or its suppliers            |
| laatuma                   |   |
| lsotype                   | lgG1-k  |
| Clonality                 | Monoclonal  |
| Clone number              | 1A4   |
| Size                      | 7 ml  |
| Concentration             | n/a   |
| Format                    | -   |
| Storage buffer            | Tris Buffer, pH 7.3-7.7, containing 1% BSA and <0.1% Sodium Azide |
| Storage until expiry date | 2-8°C   |

Mouse anti-Actin Smooth Muscle, clone 1A4 Clone no. 1A4

# Additional infoSmooth Muscle Actin is a part of the actin family of proteins which are highly<br/>conserved and form<br/>microfilaments. These filaments are one of the major components of the<br/>cytoskeleton. Anti-smooth<br/>muscle actin immunohistochemical reactivity is seen in smooth muscle cells,<br/>myofibroblasts and<br/>myoepithelial cells.
