

Mouse anti-Human s-100P, clone 16/f5

Clone no. 16/f5

MONOSAN Ready To Use

Product name	Mouse anti-Human s-100P, clone 16/f5
Host	Mouse
Applications	IHC-P
Species reactivity	human
Conjugate	-
Immunogen	Unknown or proprietary to MONOSAN and/or its suppliers
Isotype	IgG1-k
Clonality	Monoclonal
Clone number	16/f5
Size	7 ml
Concentration	n/a
Format	-
Storage buffer	Tris Buffer, pH 7.3-7.7, containing 1% BSA and <0.1% Sodium Azide
Storage until expiry date	2-8°C

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

Mouse anti-Human s-100P, clone 16/f5

Clone no. 16/f5

MONOSAN Ready To Use

Additional info

S100P is a member of the S100 family of proteins. The family is expressed in a wide range of cells and is thought to play a role in cell cycle progression and in differentiation. Anti-S100P with nuclear or nuclear/cytoplasmic immunoreactivity can be seen in pancreatic ductal adenocarcinomas, while it is rarely detectable in benign pancreatic ducts. It may also help to distinguish urothelial carcinomas from other genitourinary neoplasms such as prostate carcinoma
