

Mouse anti-Keratin 10, clone DE-K10 (Monoclonal)

Clone no. DE-K10

MONOSAN

---

|                           |  |
|---------------------------|--|
| Product name              | Mouse anti-Keratin 10, clone DE-K10 (Monoclonal) |
| Host                      | Mouse  |
| Applications              | IHC-fr, IHC-P (1:5-1:20), WB (1:100-1:250)       |
| Species reactivity        | Human  |
| Conjugate                 | -  |
| Immunogen                 | Cytoskeletal preparation from human epidermis    |
| Isotype                   | IgG1   |
| Clonality                 | Monoclonal                                       |
| Clone number              | DE-K10   |
| Size                      | 1 ml   |
| Concentration             | n/a  |
| Format                    | -  |
| Storage buffer            | Contains 0.09% sodium azide                      |
| Storage until expiry date | 2-8°C  |

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

Mouse anti-Keratin 10, clone DE-K10 (Monoclonal)

Clone no. DE-K10

MONOSAN

**Additional info**

The antibody specifically recognizes the 56.6 kD keratin K10 (formerly also designated cytokeratin 10) polypeptide in squamous cells and carcinomas from e.g. epidermis, lung, bladder, cervix, esophagus.
