

Mouse anti-CD20, clone L26 (Monoclonal)

Clone no.      L26

MONOSAN

---

|                           |   |
|---------------------------|---|
| Product name              | Mouse anti-CD20, clone L26 (Monoclonal)                           |
| Host                      | Mouse   |
| Applications              | IHC-P (1:100-1:500)   |
| Species reactivity        | human   |
| Conjugate                 | -   |
| Immunogen                 | Unknown or proprietary to MONOSAN and/or its suppliers            |
| Isotype                   | IgG2a-k   |
| Clonality                 | Monoclonal  |
| Clone number              | L26   |
| Size                      | 1 ml  |
| Concentration             | n/a   |
| Format                    | -   |
| Storage buffer            | Tris Buffer, pH 7.3-7.7, containing 1% BSA and <0.1% Sodium Azide |
| Storage until expiry date | 2-8°C   |

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

## Mouse anti-CD20, clone L26 (Monoclonal)

Clone no. L26

MONOSAN

**Additional info**

CD20 is a transmembrane protein in late B-cell precursors and mature B-cells that plays a role in regulating proliferation and differentiation. CD20 expression is lost at the plasma cell stage of differentiation. MON 3226 (pan B-cell) has rarely been detected in T-cell malignancies, and is a dependable marker of B-cell lymphomas such as DLBCL. CD20 expression is present in some thymomas. It does not cross-react with non-hematopoietic neoplasms.
